IN FIVE INSPIRING HOMES AND A FROST-KISSED SUFFOLK GARDEN

Metallic botanic

Jocelyn Warner's new wallpaper collection draws inspiration from historical botanical prints and wall murals where the flowering stems of plants are highlighted in gold and silver. This marriage of traditional artistry with modern-day technology creates a wallpaper that looks almost three-dimensional yet has a subtle hand-painted quality.

Flora wallpaper in Blush (four other colours available), 52cm wide, £59 for a 10m roll. Contact 020 7375 3754, jocelynwarner.com.
